

5.0 CONSULTATION AND COORDINATION

In addition to this EIS¹, other factors and consultations are considered and play a major role in determining the decision on this proposed lease application. These include the following.

Regional Coal Team Consultation

The Eagle Butte West coal lease application was reviewed and discussed at public meetings held on May 30, 2002, in Casper, Wyoming and on April 27, 2005, in Gillette, Wyoming. FCW presented information about the existing Eagle Butte Mine and the pending lease application to the PRRCT at those meetings. Voting and nonvoting members of the PRRCT include the governors of Wyoming and Montana, the Northern Cheyenne Tribe, the Crow Tribal Council, the USDA-FS, OSM, USFWS, NPS, and USGS. The PRRCT determined that the lands in the application met the qualifications for processing as a production maintenance tract. The PRRCT recommended that the BLM continue to process the Eagle Butte West lease application.

Governor's Consultation

The BLM Wyoming State Director notified the Governor of Wyoming prior to the May 30, 2002 PRRCT public meeting that the Eagle Butte West lease application, filed by FCW,

would be reviewed at the public meeting.

Public Notice

A notice announcing the receipt of the Eagle Butte West coal lease application was published in the *Federal Register* on March 8, 2005. This notice also announced the date, time, and place of the PRRCT meeting to be held on April 27, 2005 to discuss this application. BLM published a Notice of Intent to Prepare an Environmental Impact Statement and Notice of Scoping in the *Federal Register* on May 2, 2005. The publication served as public notice that the FCW coal lease application had been received, announced the time and location of a public scoping meeting, and requested public comment on the lease application.

Parties on the distribution list were sent letters in April 2005 announcing the time and location of a public scoping meeting. The public scoping meeting was held on May 17, 2005 in Gillette, Wyoming. At the public meeting, the applicant orally presented information about the Eagle Butte Mine and their need for the coal. The presentation was followed by a question and answer period, during which 22 oral comments were made. The scoping period extended from May 2 through August 1, 2005, during which time BLM received written, e-mailed, and telephoned-in comments from 16 entities.

The EPA will publish a Notice of Availability in the *Federal Register* for

¹ Refer to page xv for a list of abbreviations and acronyms used in this document.

the DEIS. The BLM will publish a Notice of Availability and Notice of Public Hearing in the *Federal Register* for the DEIS. There will be a 60-day comment period on the DEIS. A formal public hearing will be held during the 60-day comment period to solicit public comments on the DEIS and on the fair market value, the maximum economic recovery, and the proposed competitive sale of coal from the Eagle Butte West LBA Tract. Following comment period on the DEIS, the FEIS will be prepared. Comments received from the public, state, and federal review agencies on the DEIS will be included in the FEIS.

Parties on the distribution list will be sent copies of the FEIS when it is completed, and the EPA and BLM will publish a Notice of Availability for the FEIS. After a 30-day availability period, BLM will make a decision to hold or not to hold a competitive lease sale for the federal coal in this LBA tract and a ROD will be signed. Copies of the ROD will be mailed to parties on the mailing list and others who commented on this LBA during the NEPA process. After the ROD is signed, there will be a 30-day appeal period before the ROD is implemented.

Department of Justice Consultation

After a competitive coal lease sale, but prior to issuance of a lease, BLM will solicit the opinion of the Department of Justice on whether the planned lease issuance creates a situation inconsistent with federal anti-trust laws. The Department of Justice is allowed 30 days to make this

determination. If the Department of Justice has not responded in writing within the 30 days, BLM can proceed with issuance of the lease

Other Consultations

Other federal, state, and local governmental agencies that were consulted in preparation of this EIS are listed in Table 5-1.

List of Preparers

This EIS was prepared by WWC Engineering, a third-party contractor, under the direction of the BLM. Representatives from cooperating agencies reviewed and contributed to the EIS. Tables 5-2 and 5-3 provide listings of the BLM, OSM, and WDEQ interdisciplinary team and the third-party consultant personnel who prepared and reviewed this EIS.

Distribution List

This EIS was distributed to Congressional offices, federal agencies, state governments, local governments, industry representatives, interest groups, and individuals for their review and comment (Tables 5-4a and 5-4b).
